"Catch the Friction Before They Do"

Invest 10 minutes now. Prevent hours of rejection work later.

MINUTES 1-3: PHOTO REVIEW

	Check	Details
■	COUNT	Verify all 4 sides of exterior present (Front, Right, Rear, Left)
■	CLARITY	Zoom to 100% - Are address numbers readable? Any blurry shots?
■	TECHNICAL SPECS	JPG format? 640×480 resolution minimum?
■	WATERMARKS	Red-font date/timestamps in lower right corner of photos?
■	ORIENTATION	All photos horizontal (landscape), not vertical?

MINUTES 4-5: NOTE REVIEW

	Check	Details
■	READ OUT LOUD	Does narrative flow logically? Catch awkward phrasing?
■	NEUTRALITY	Strip every subjective adjective (no "looks," "seems," "probably")
■	TYPOS	Run spell check. Read backward to catch errors.
■	SPECIFICS	Replace generic terms ("damaged") with specifics ("18-inch crack")

MINUTES 6-7: CONSISTENCY CHECK

	Check	Details
■	TWO-PHOTO RULE	Every defect has: (1) wide context shot + (2) tight detail shot
■	CROSS-CHECK	Notes say "occupied" AND photos show occupancy indicators?
■	DAMAGE MATCH	Every damage mentioned in notes has supporting photo?
■	MEASUREMENTS	Measurements in notes match measuring tape in photos?

MINUTES 8-9: FORM VERIFICATION

	Check	Details
--	-------	---------

■	REQUIRED FIELDS	All required fields complete (address, date, occupancy status)?
■	ADDRESS MATCH	Property address EXACT match to work order (including ZIP)?
■	DATE/TIME	Inspection date/time matches arrival timestamp?
■	EXCEPTIONS	Access issues, denied entry, or deviations documented?

MINUTE 10: FINAL BREATH AND SUBMIT

Ask yourself:

1. Would I accept this report if I were the coordinator?
2. Are there any photos I'm unsure about?
3. Do my notes clearly support my occupancy determination?
4. Is there anything I forgot to document?
