

LEGAL BOUNDARY QUICK REFERENCE

Protect Your Income by Staying Within Your Scope

Protect your income by staying within your scope. Stepping outside these boundaries results in contract termination or criminal charges.

1. THE "INSTALLED VS. DELIVERED" FRAUD LINE

	Description
Boundary	You only document what is physically attached to the property
EXPOSED	Marking a furnace as "100% complete" when it is sitting in a box on the floor is mortgage fraud
PROTECTED	Reporting "Materials on-site; installation 0%"

2. BANKRUPTCY AND NO-CONTACT ORDERS

	Description
Boundary	These are "sidewalk-only" inspections
EXPOSED	Knocking on the door or leaving a card on a No-Contact order can be viewed as harassment or violation of a court stay
PROTECTED	Snap photos from the street or your vehicle and leave immediately

3. TRESPASSING AND DENIAL OF ACCESS

	Description
Boundary	If an occupant explicitly tells you to leave, your permission to be on that property is revoked instantly
EXPOSED	Attempting to "finish the job" or "reason with them" after being told to leave is criminal trespass
PROTECTED	Immediate retreat to the vehicle

4. QUALIFIED PRIVILEGE (DEFAMATION SHIELD)

	Description
Boundary	Your reports are for the lender only and must remain factual
EXPOSED	Telling a neighbor "this house is being foreclosed on" or telling an owner "this house is a dump and is falling down"
PROTECTED	Using objective language: "Observed peeling paint on 40% of the exterior; ridgeline sagging 12 inches"
