

"BEFORE YOU LEAVE HOME" CHECKLIST

Daily Pre-Flight for Field Inspectors

ROUTING & SOFTWARE (The Night Before)

	Action	Why It Matters
■	Sync App	Hit "download" in InspectorADE or Focus to pull your batch and check for cancellations
■	Plan Route	Use GPS software to group inspections geographically; aim for 4-8 stops per hour
■	Review Instructions	Check work orders for "No-Contact" or "Rush" status to avoid violations or missed SLAs
■	Check Weather	Rain/snow = plan extra time. Bring umbrella. Adjust schedule if severe weather expected

GEAR CHECK (In the Vehicle)

	Item	Details
■	Smart Phone	Charged 100% + orientation lock OFF + date/time synced
■	Power Bank	Fully charged (you'll take 100+ photos per day)
■	ID Badge	Visible to provide professional legitimacy to neighbors or police
■	HUD Keys	Standard set for entering vacant properties (if authorized)
■	Volt Stick	Functional for checking electricity on-site (~\$10 investment)
■	Measuring Tape	For documenting dimensions of damage or hazards
■	Clipboard	For taking notes if phone battery dies
■	Envelopes & Tape	Blue painter's tape for professional door delivery

PERSONAL SAFETY & COMPLIANCE

	Action	Why It Matters
■	Dress Code	Sturdy, closed-toe footwear + long pants (protect against hazards)
■	Insect Repellent	Ready for properties with tall weeds or grass (ticks, mosquitoes)
■	Vocabulary Check	Remind yourself: NEVER use "foreclosure," "arrear," or "late payments"
■	Gas Tank Full	You'll drive 50-150 miles/day. Don't waste time refueling mid-route
■	Emergency Contact	Have coordinator's phone number saved for urgent safety issues

**Preparation = Profit. A 10-minute checklist prevents hours of problems.
Plan the route. Pack the gear. Execute with confidence.**
