

# PRE-INSPECTION CHECKLIST

## Complete Before Starting Any Job

### 24 HOURS BEFORE INSPECTION

|   | Task                                                                                                 | Status |
|---|------------------------------------------------------------------------------------------------------|--------|
| ■ | Review Work Order: Verify address, inspection type, due date, special instructions                   |        |
| ■ | Confirm Access: Interior authorized? Lockbox code? Contact required?                                 |        |
| ■ | Contact Homeowner: Call if contact required or interior access needed (leave voicemail if no answer) |        |
| ■ | Plan Route: Map address, check traffic, share ETA with emergency contact                             |        |
| ■ | Check Weather: Rain forecast? Pack umbrella, boots. Note delays early.                               |        |
| ■ | Pack Equipment: Phone charged 100%, power bank, measuring tape, flashlight, ID badge, clipboard      |        |

### ARRIVAL PROTOCOL (First 5 Minutes)

|   | Task                                                                                       | Status |
|---|--------------------------------------------------------------------------------------------|--------|
| ■ | Park Legally: On street (not driveway unless vacant/authorized). Check "No Parking" signs. |        |
| ■ | Take Arrival Photo: Wide shot from street, timestamp visible, GPS enabled                  |        |
| ■ | Safety Sweep: Look for hazards (aggressive dogs, unstable structures, hostile people)      |        |
| ■ | Assess Access: Gates locked? "No Trespassing" signs? Fences?                               |        |
| ■ | Knock & Announce: If occupied, knock 3 times, wait 60 seconds, show ID if answered         |        |

### DURING INSPECTION

|   | Task                                                                                               | Status |
|---|----------------------------------------------------------------------------------------------------|--------|
| ■ | Follow Exterior Route: Front → Right → Rear → Left → Return to Front (walk once, don't backtrack)  |        |
| ■ | Take Required Photos: 6-Angle Rule minimum + status-specific photos                                |        |
| ■ | Follow Interior Route (if authorized): Entry → Living → Kitchen → Bedrooms → Bathrooms → Utilities |        |
| ■ | Document Everything: Damage (context + detail), measurements, access issues, neighbor contacts     |        |
| ■ | Check Photos On-Site: Zoom in on 3-4 random shots to verify sharpness before leaving               |        |

### BEFORE LEAVING PROPERTY

|   | Task                                                                                      | Status |
|---|-------------------------------------------------------------------------------------------|--------|
| ■ | Photo Count Check: Verify minimum count (occupied: 10-12, vacant: 15-20, interior: 25-40) |        |
| ■ | Timestamp Check: Arrival, address, front, departure all have visible timestamps           |        |
| ■ | Notes Documented: Access issues, denied entry, unusual findings, measurements             |        |
| ■ | Take Departure Photo: Same angle as arrival, timestamp visible, shows you're leaving      |        |
