

UPLOAD DOUBLE-CHECK LIST

(Complete Before Clicking Submit)

A. PHOTO QUALITY CHECK

	Check	Pass/Fail
■	ALL photos are clear, sharp, non-blurry (zoom in on 3-4 random photos to verify)	
■	ALL photos are horizontal (landscape orientation, not vertical)	
■	ALL photos are well-lit (not too dark or washed out)	
■	Timestamps visible on: Arrival, Address, Front, Departure	
■	GPS metadata enabled (verify in photo details/settings)	
■	NO photos through glass, NO car parts in frame	

B. PHOTO COUNT VERIFICATION

Inspection Type	Minimum Photo Count	Your Count
Occupancy - Occupied (Exterior Only)	10-12 photos	
Occupancy - Vacant (Exterior Only)	15-20 photos	
Occupancy - Interior Authorized	25-40 photos (depends on home size)	
Loss Draft Inspection	20-50 photos (depends on scope)	

C. REPORT FORM COMPLETENESS

	Check	Pass/Fail
■	Property address matches work order exactly (including ZIP code)	
■	Inspection date/time matches arrival timestamp	
■	Occupancy status supported by photo evidence (not bare conclusion)	
■	Condition summary is factual and objective (2-3 sentences)	
■	All form fields complete (no blank required fields)	
■	Exceptions documented (access issues, denied entry, safety concerns)	

D. NOTES vs. PHOTOS CONSISTENCY CHECK

	Check	Pass/Fail
■	Notes say "occupied" AND photos show occupancy indicators (vehicles, furniture, etc.)	
■	Notes say "vacant" AND photos show vacancy indicators (overgrown grass, empty interior, etc.)	
■	Damage noted in report has context + detail photos supporting it	
■	Measurements noted in report match photos of measuring tape	
■	NO CONTRADICTIONS (notes and photos tell the same story)
